CAMPUS SECURITY

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), originally known as the Campus Security Act, requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses.

Campus is not permitted to take retaliatory action against anyone with respect to the implementation of any provision of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Emergency Action Plan

Blake Austin College requires the campus to maintain an Emergency Action Plan which includes plans and instructions to be followed by campus administration, faculty, staff, students and guests in the event of emergencies and evacuations. The campus Safety Officer along with Campus Security is responsible for reporting and ensuring the evacuation of the campus in the case of an emergency. The Emergency Action Plan includes:

1. The process by which the campus will confirm that there is a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or staff occurring on the campus.
2. A provision for immediate notification of the campus community upon confirmation of a significant emergency or dangerous situation.
3. Procedures for disseminating emergency information to the larger community.
4. Procedures for disseminating updated emergency information, which explain how this information will be communicated to the campus and relevant members of the community on a regular basis.
5. Procedures for testing and publishing the plan on an annual basis.
6. A list of team members responsible for carrying out this process.

The campus will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

Security & Access to Facilities

- The campus limits access to campus facility to authorized personnel, students, and visitors. Unauthorized persons will be considered “trespassers” and will be dealt with accordingly.
- Adequate lighting is provided at the campus, especially in outside areas. Certain school staff and faculty are on campus during business hours.
- Persons as security personnel at the campus represent the campus and are instructed to enforce campus security policies.
 - Security personnel defined as any individuals who have responsibility for campus security who are responsible for monitoring entrance into campus property, an individual to which students and employees should report criminal offenses, or an official of a campus who has significant responsibility for student and campus activities. The security personnel do not have powers of arrest, unless such personnel possess valid certification as a law enforcement officer, peace officer, or are authorized to act in such a capacity by way of official authority granted by a court of state regulatory agency.
 - Such person has the authority to evict unauthorized persons from the campus premises and will notify local authorities of all actual or suspected criminal activities, including trespassing.
- The building manager provides security guard for the building.
- The campus does not maintain its own law enforcement; however, the campus maintains its relationship with local police through campus in-services and collection of statistical in-services. In addition, the campus works with local law enforcements as necessary to report or investigate crimes.

Crime Awareness & Prevention

- All new campus employees and students are instructed on crime awareness during orientation, including the description of campus security measures and procedures for reporting any criminal activity or emergency. Students are required to follow campus security guidelines for their own personal and property safety and are encouraged to report any suspicious activity.
- Prospective students and employees are provided with a summary of the campus measures to prevent crime on campus and

details for acquiring the complete policies and procedures package from the campus via the campus website or at the campus location. This information on crime awareness is readily available upon request and is updated and re-distributed to all existing students and staff on an annual basis.

- The campus conducts annual in-service programs designed to heighten awareness of crime and its prevention. These in-service programs are conducted by local law enforcement or qualified officials annually.
- The campus does not maintain any off-campus student organizations.
- Students performing externship, preceptorship or clinical practice off-campus are expected to practice safety and security procedures as if the site were an extension of the campus.

Crime Prevention

Often people contribute to crimes of opportunity by needlessly placing themselves or their property at risk. Prevention efforts can be effective in reducing the opportunities for criminal activity. The following list is a compilation of tips devoted to crime prevention:

- Do not leave personal property unattended.
- Report suspicious individuals to the front desk personnel, Safety Officer, or Campus Director.
- At night, always walk in groups of at least two.
- Stay on main walkways.
- Remove valuables from your car and lock it.
- Always carry your picture ID.
- Be aware of your surroundings and what is going on around you.

If you assume responsibility for your own safety first and encourage others to do the same, the opportunities for crime are drastically reduced.

Crime Log

The campus maintains a Crime Log that records, by the date the crime was reported, any crime that occurred on campus, on public property, or within the jurisdiction of the Campus Security department.

The log includes:

- Date of entry
- Incident report date
- Date/time of the crime
- Nature/type of the crime/complaint
- General location of crime
- Disposition of complaint, if known

A campus may withhold information required above if there is clear and convincing evidence that the release of the information would:

- Jeopardize an ongoing criminal investigation or the safety of an individual,
- Cause a suspect to flee or evade detection, or
- Result in the destruction of evidence.

The campus must make an entry or an addition to an entry to the log within two business days of the report of the information to the campus authority, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

The campus must make the crime log for the most recent 60-day period open to public inspection during normal business hours. The campus must make any portion of the log older than 60 days available within two business days of a request for inspection.

Reporting Crimes

1. Students should accurately and promptly report criminal acts to Title IX Coordinator and/or Safety Officer, who can be reached via telephone at (707) 455-0557.
2. Reporting crimes is on a voluntary, confidential basis.
3. The Safety Officer is responsible to document any criminal acts, as well as reporting crimes to the local authorities as required

- by law.
4. The campus is required to make timely warnings to members of the campus community regarding the occurrence of crimes, those that are reported to campus security, and those considered by the institution to represent a threat to students and employees. The campus community includes all campus building and all adjacent public property.
 5. Timely warnings to the campus community will be issued in a handout, on our website, and/or via email.
 6. If there is an ongoing investigation of a crime that occurred in, at, or on any of the locations listed above that would be jeopardized, cause the suspect to flee, risk the safety of an individual, or result in the destruction of evidence, the campus may delay the timely warning until any adverse effect is no longer likely to occur.
 7. The statistics and responses are collected centrally for the campus monthly and reported to the U.S. Department of Education annually.

Crime Statistics

Federal law requires that colleges and universities disclose statistics on crimes that may occur on-campus, on non-campus property, or on public property adjacent to the campus. For the purposes of the Clery Act, any building that is owned or controlled by the institution or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student facility even if the building itself is owned or controlled by a third party, as classified by the FBI Uniform Crime Report.

Campus specific statistics are attached as an addendum and may be obtained by students and/or employees (current and prospective) via the campus website or at the campus location.

Sex Offenders

The Campus Sex Crimes Prevention Act requires colleges and universities to disclose to its students the location of sex offender registries and the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The act also requires registered sex offenders to provide a notice of any campus of higher education in which the offender is employed, carries on a vocation, or is a student to state officials.

Students who are subject to an involuntary civil commitment, after completing a period of incarceration for a forcible or non-forcible sexual offense, are ineligible to receive a Federal Pell Grant.

Any member of the campus community who wishes to obtain further information regarding sexual offenders in the area may refer to <http://www.sexoffender.com> for the national registry.

Sexual Violence

The campus prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking. In order to prevent the occurrence of rape, acquaintance rape, dating violence, domestic violence, sexual assault, and stalking, Blake Austin College maintains the following policies and procedures. Please see the definition of these crimes and consent above.

Training Programs

- The campus training programs are designed to be comprehensive, with the intention to end sexual violence, culturally relevant, inclusive of diverse communities and identifies, responsive to community needs and informed by research or assessed for value, effectiveness, or outcome.
- In conjunction with the campus security bi-annual in-services, the campus will address primary prevention and awareness of dating violence, domestic violence, sexual assault, and stalking. Included in the training will be safe and positive options for bystander intervention, information on risk reduction, and review of the campus' policies and procedures if a sexual offense occurs.
- These in-service programs are conducted by local law enforcement officials twice a year. The training will define dating violence, domestic violence, sexual assault, stalking, and consent in the applicable jurisdiction.
- Notice of the programs is given to faculty, staff, and students by bulletins posted at the campus.

Sexual Violence Occurrence

- If sexual violence occurs, the victim has the option to either notify or decline to notify the proper law enforcement

authorities, including on-campus authorities and the local police of the alleged sexual offenses. The campus staff will assist the student in reporting these offenses at the student's request.

- Reports of alleged offenses to law enforcement authorities may enable a victim to receive a temporary or permanent protective/restraining order, as determined by the applicable jurisdiction.
- Reports of alleged offenses may be reported to on-campus authorities by the victim, a third-party or an anonymous. Persons reporting alleged offenses should follow the Grievance Procedure.
- Students or employees who report to the institution as a victim of dating violence, domestic violence, sexual assault or stalking, whether on or off campus, will be provided with a written explanation of rights and options.
- Any evidence that may support the offense should be meticulously preserved for police identification as it may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order. To preserve evidence, the victim should not bathe or change clothes or do any cleaning up in any manner prior to receiving medical assistance.
- The campus will maintain confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

On-Campus Grievance Procedures and Proceedings

- The campus has adopted a Procedure for Processing Complaints of Unlawful Discrimination and Other Grievances (the "Grievance Procedure") which applies in the event of an accusation of a sex offense. This Procedure includes a prompt, fair, and impartial proceeding to review the allegations and recommend appropriate action within the authority of the institution. Written copies of the Grievance Procedure may be obtained from the Director of Compliance.
- The campus will administer the Grievance Procedure in such a way to provide a prompt, fair, and impartial disciplinary proceeding in which:
 - Officials are appropriately trained and do not have a conflict of interest or bias for or against the accuser or accused;
 - The accuser and the accused have equal opportunities to have others present, including an advisor of their choice;
 - The accuser and accused received simultaneous notification, in writing, of the result of the proceeding and any available appeal procedures;
 - The proceeding is completed in a reasonably prompt timeframe;
 - The accuser and accused are given timely notice of meetings at which one or the other may be present;
 - The accuser, accused, and appropriate officials are given timely access to information that will be used after the fact-finding investigation but during the disciplinary meetings and hearings.
- The campus will maintain the confidentiality of any complainant as requested.
- The campus will determine which type of disciplinary proceeding to use based on the circumstances of an allegation of dating violence, domestic violence, sexual assault, or stalking. All such proceedings will use a "preponderance of evidence" legal standard for rulings and decisions. Please contact your campus Title IX coordinator or Operations Director for further information on specific proceeding procedures.
- Documentation of any sex offense proceedings is required by Blake Austin College and must be kept on file indefinitely at the Campus. This should include sanctions the campus may impose following a final determination of a campus disciplinary proceeding regarding dating violence, domestic violence, sexual assault, and stalking. Sanctions may include suspension and/or expulsion.
- Protective Measures: Upon request by a victim of a sex offense, the campus will change that victim's academic schedule, including externships/internships/clinical courses, if the change is reasonably available.

Counseling, Health, and Other Services

- The campus assists students with off-campus counseling, health services, mental health services, victim advocacy, legal assistance and other student services for victims of sex offenses including complying with all legal orders.
- Written information on available services may be obtained from the Title IX Coordinator/ Director of Academics.

Amnesty Provisions

- Sometimes students are reluctant to seek help after experiencing a crime or conduct prohibited by this or any other institution policy because they fear being held responsible for illegal or inappropriate alcohol consumption. The campus provides amnesty from discipline for alcohol possession or consumption for minors or in other prohibited situations who report experiencing criminal sexual misconduct or who assist those who report experiencing such misconduct.
- Similarly, the campus will not pursue conduct charges against any participant in an investigation under this Policy for

potential violations of other campus policy for personal consumption of alcohol or other drugs identified during an investigation, provided that any such violations did not and do not place the health or safety of any other person at risk. The campus may, however, initiate an assessment, educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use.

Disciplinary Proceedings

The Higher Education Opportunity Act (HEOA) requires colleges to disclose, upon written request, to the alleged victim of a crime of violence or a non-forcible sex offense, the results of any disciplinary hearing related to the offense conducted by the campus against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the campus must provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

DRUG-FREE CAMPUS AND WORKPLACE

Alcohol & Drug Policy

The campus is designated as "Drug-Free". The campus will provide to each student upon enrollment a separate, clear and conspicuous written notice with information on the penalties associated with drug-related offenses. The possession, sale or the furnishing of alcohol on campus is governed by the Code of Student Conduct found in the catalog. The Code of Student Conduct states that students will be held accountable for "being under the influence and/or the use of controlled substances on College or externship property, including the purchase, consumption, possession, or sale of such items". The National Minimum Drinking Age Act of 1984 required all states to raise their minimum purchase and public possession of alcohol to age 21.

A student committing this violation shall receive a written warning concerning the misconduct and is subject to disciplinary action up to and including immediate suspension or dismissal, criminal prosecution, fine and/or imprisonment. Students dismissed for conduct violations will not be readmitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws.

In conjunction with the campus security bi-annual in-services, the campus will address the Drug & Alcohol Prevention program that was implemented to determine the following:

1. The number of drug and alcohol-related violations and fatalities that occur on the campus or as part of any of the campus activities must be reported to campus officials, and
2. The number and type of sanctions that are imposed by the campus as a result of drug and alcohol-related violations and fatalities on the campus or as part of any of the campus activities.

Note: Additional information is available within both the Student and Employee Handbook.

The campus must provide a timely notice to each student who has lost eligibility for any grant and/or loan as a result of penalties in a separate clean, and conspicuous written notice that notifies the student of the loss of eligibility and advises the student of the ways in which to regain eligibility. If the student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the Secretary, he may be eligible to regain eligibility of Federal funds. Additional information can be obtained by calling 1-800-4-FED-AID (1-800-433-3243)

Description Of Health Risks Associated with Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood the driver will be involved in an accident. Low-to-moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate-to-high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory problems, depression, and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These

infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk of becoming alcoholics than other youngsters.

ADDENDUMS

Federal Sanctions

Campuses are required to notify current/prospective students and employees of the federal legal sanctions associated with the possession or trafficking of a controlled substance. Refer to the *Federal Sanctions* addenda for a detailed listing.

State Legal Sanctions

Campuses are required to notify current/prospective students and employees of the state legal sanctions associated with the possession or trafficking of a controlled substance. Refer to the separate *State Sanctions* addenda for a detailed listing.

Local Counseling, Treatment, and Rehabilitation Programs

Campuses are required to notify current/prospective students and employees of local counseling, treatments, and rehabilitation programs for possession and trafficking of a controlled substance. Refer to the *Local Counseling, Treatment, and Rehabilitation Programs* addendum.

Campus Crime Statistics

The addenda labeled *Campus Crime Statistics* contain the criminal offenses and disciplinary instances as reported to the campus or the local law enforcement as occurring on campus, off campus, or on public property within close proximity of the campus. The Campus Crime Statistics include the number of offenses or instances for the last three completed calendar years.

Emergency Action Plan

The addenda labeled *Campus Security Authority Chart* details personnel who are responsible for carrying out the Emergency Action Plan.

LOCAL COUNSELING, TREATMENT, AND REHABILITATION PROGRAMS

People in the Solano County area who have drug or alcohol problems can contact the following agencies for help:

Alcohol and Drug Detoxification

Southern Solano Alcohol Council Detox
419 Pennsylvania St. Vallejo, CA 94590
(707) 643-2715

Adult Outpatient Treatment

Solano County Substance Abuse Services
(707) 784-2220 or (844) 784-2220

Adult Inpatient Treatment

Solano County Substance Abuse Services
(707) 784-2220 or (844) 784-2220

Adolescent Outpatient Treatment

Healthy Partnerships

1735 Enterprise Dr., Suite A, Fairfield, CA 94533
(707) 425-1799

Rio Vista CARE

628 Montezuma St. Rio Vista, CA 94571
(707) 374-5243

Driving Under the Influence (DUI)

And Drug Diversion/Deferred Entry of Judgement (DEJ)/PC1000

A.K. Bean Foundation

623 Great Jones St. Fairfield, CA 94533
(707) 429-8888

Vacaville

600 Nut Tree Road Vacaville, CA 95687
(707) 451-9703

Vallejo

2100 Sacramento St. Vallejo, CA 94590
